

MEMORANDUM

To Seattle Planning Commission
From: Barbara Wilson, SPC Director
RE: SPC ACTION

February 28, 2006

SPC ACTION

Summary of Action: Waterfront Concept Plan. . Approve the Final Draft of the February 29 Seattle Planning Commission letter to Council UDP Chair Peter Steinbrueck which offers our support of the Waterfront Concept Plan and urges Council to adopt the Plan and move forward to the next step forward in the next phase of planning including the creation of the Public Realm Plan. It further states that we believe it is vital that the key elements of the Waterfront Concept Plan be retained for both the “Full Tunnel” option and the “Core Project” option for Viaduct replacement such as the lid to Victor Steinbrueck Park and the pedestrian connections to the waterfront as far south as King Street.
